ASX Announcement

Mayfield secures significant manufacturing contract

Mayfield Group Holdings Limited is pleased to announce that it has secured a significant contract to supply transportable switchrooms to Lynas for its rare earth project near Kalgoorlie in Western Australia.

The total contract value is $10.3m and includes the supply of one high voltage switchroom, seven low voltage switchrooms and 13 motor control centres as well as a range of ancillary panels. The equipment supplied incorporates Mayfield's proprietary Moducell panel technology with a reputation for field safety and reliability. It is expected the equipment will be delivered to site in March 2022. Mayfield's facilities in both Adelaide and Perth are involved in the design and manufacture.

This announcement was authorised by the Managing Director, Jon Hobbs.
